

Dominik Bolerac – Career Pathway map

Dominik Bolerac

Graduating from the high school and starting my first year at Comenius University, Slovakia – Economical & **Financial Mathematics**

Accepting an offer I got from the risk department to become an application developer full-time after succesfully graduating (with honors) from the **Comenius University**

2022

2015

Choosing mathematics at my high school as a specilization, since I saw many working opportunities when pursuing career after studying mathematics

2017

Applied for the rotational internship program at Zurich Insurance as a part of my first year of master's studies

Becoming a valuable team member/employee with specialization of the API topics in our team

Thank you for your time
